

Incognito™ Orthodontic Braces

The only braces made  
for your family portrait

# Only your family will know you are wearing braces

Incognito™ Orthodontic Braces give you a beautiful smile even while you're wearing them. Placed behind your teeth where they are hidden from view, no one will know you're wearing braces unless you choose to tell them. These unique braces are 100% customized to the shape of your teeth and have your prescription built right in for efficient results. Odds are, if you can be treated with traditional braces, you are a good candidate for Incognito Orthodontic Braces. **With Incognito Orthodontic Braces you can smile with confidence even while you are wearing braces!**
